

STOKE ST GREGORY FUTURE STRATEGY GROUP

A Proposed Charter and Scope

The Stoke St Gregory Future Strategy Group has been commissioned by the PC as a non-executive advisory body, tasked with the responsibility of researching and co-ordinating ideas which can contribute to the future welfare of the village. This activity will take its lead from the Parish council and will work within a framework of the immediate challenges facing the village in the areas of housing, sports facilities, local business (shop/pubs) and general social welfare. It is the task of this team to inform the Parish Council of possible opportunities so that they may be formally considered and approved as appropriate. Public consultation on issues of key interest will be initiated from the PC

The Group will be composed of a limited number of contributors (normally not more than six), both, PC members and local residents who wish to participate in this discussion. Expert help may be co-opted from time to time as needed
