Welcome to Stoke St Gregory | 2016

This leaflet has been prepared primarily to inform new residents of Stoke St Gregory, but also to act as a general reference. It lists names and contact details for all the principal organisations and services in the village. For more detail, or for updates to the leaflet, see the village website: www.stokestgregory.org

In most cases, individuals have been listed with phone numbers and email addresses. Whichever is listed first is their preferred mode of contact. Six digit phone numbers will have the dialling code 01823, though this does not have to be used from within the area.
