

STOKE ST GREGORY FUTURE STRATEGY GROUP

Minutes of Meeting: 5th June 2018

Present: David House, Nick Sloan, Graham Gleed,

Apologies: Sue Hembrow, Gill Slattery, Sara Sollis

Notes from the meeting of 8th May: Approved

1. Pub/Shop Project

- I. Steering Team Creation
 - i. Following communication on the planned meeting to those who contributed positively to the survey, there have been both expressions of interest in participating and apologies for not being able to participate. Volunteers have already stepped forward for the communications role and the PC liaison
 - ii. It was agreed that trying to move directly to the formation of the Steering Team would be a large and potentially difficult step when there is currently no pressing need to move quickly. It is probably best to adopt a softer approach by using the meeting to inform and gauge the level of interest from participants, with a more organic approach to formulating the Steering Team. Concern was expressed around the awareness of the Pub and Shop owners. Conversations have been held with both Ian and Nicola, neither of whom expressed any concerns with the planned meeting.
 - iii. Materials for use at the meeting on Thursday have been prepared and amended based on the output from this meeting.

2. Housing

- I. Draft Plans: Following a request from West of England Developments for a public consultation on potential plans for housing development in the field next to Willey Road. It was recommended that any preliminary proposals should be first shared with the PC.
- II. PC presentation: As originally planned, Andy Lehner would personally share several options on how to best use the space. Unfortunately, this is not now possible, however the plans have been made available to share at the meeting on Monday. Community infrastructure benefit from realisation of any such plans could be significant (reference: the new pavilion constructed in N. Curry).
- III. The planned Public consultation is tentatively scheduled for July 10th, in the Village Hall.

3. Pavilion/Playing Field

- I. See note 2.II above.

4. Housing

- I. **Share Results of Survey.** It was agreed to share the results of the Survey with Andy Lehner who had specifically requested these.

Next Meeting: Tuesday 8th May
